

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 12 December 1967

STAT 1. [] Accompanied [] WH Division, STAT
[] on a tour of the Congress-
sional office buildings, the Capitol, and the Library of Congress. The tour
was conducted without incident.

STAT 2. [] In response to his call, met with Mr.
Paul Goulding, Executive Assistant to Senator Claiborne Pell (D., R.I.),
with regard to an inquiry from the College Placement Council Association
regarding cancellation of the Agency recruiting session at the University of
Rhode Island. I advised Mr. Goulding that we were not cutting out all college
recruitment on campuses but as a temporary measure we were meeting with
students in Federal buildings in areas where trouble was anticipated, or
wherever requests had been made by universities. I pointed out that the
Agency, along with others, had been receiving quite a bit of publicity as a
result of the various actions on campuses, and that recruitment in Federal
buildings tended to have less publicity. Mr. Goulding talked to Mr. Paul
Quinn, the Washington representative of the College Placement Council
Association, while I was still with him and was able to satisfy his questions.

STAT 3. [] I was unable to meet with Senator
Thomas Kuchel (R., Calif.) due to a change in plans. He left the city last
evening. His office apologized for forgetting to notify me this morning.
The Senator will be on the West Coast until sometime next week.

STAT 4. [] I learned from the staff of the House Post
Office and Civil Service Committee that Representative Henderson's mother
died during the week and was buried yesterday.
